Re: ORDINANCE APPROVING AN APPLICATION FROM L & F URBAN RENEWAL PROPERTIES GRANTING A LONG-TERM TAX EXEMPTION PURSUANT TO N.J.S.A. 40A:20-1 ET SEQ.

Date: September 8, 2010

The attached resolution approves an application from L & F Urban Renewal Properties granting a long-term tax exemption. The development, which would take place at a portion of the former Kramer Site (637 North Olden Avenue), would feature the creation of a two acre industrial facility that would house The Standard Roofing Group.

L& F has completed the necessary application work for a long term tax abatement. Please find that document which details the general terms and conditions by which the City and L & F can then enter into a financial agreement. In summarizing these terms, the developer would pay 15% of gross revenue during a 20 year abatement. Specifically, the payment schedule would bring \$16,500 for the first 15 years of the abatement, excluding full taxes on the land (the approximate tax revenue from the land would be an additional \$5,000 per year). In years 16-20, the developer would pay an escalating 20% increment scale per year based on the total amount of taxes otherwise due on the value of the land and improvements comprising the project. After year 20, the developer would pay full taxes at that location.

As you are aware, the Department has put forth a subsequent ordinance for the sale and execution of the disposition agreement to L & F Urban Renewal Properties for the approximate, 2 acres of the 6.5 acre site.

The Department would like this ordinance to appear at the same Council meeting as the ordinance for the sale and execution of the disposition agreement to L& F Urban Renewal Properties.

Thank you.
