TRENTON DEPARTMENT OF FIRE & EMERGENCY SERVICES TO CONDUCT FIRE AND WATER EMERGENCY DRILL ON SATURDAY

On **Saturday, November 1 from 8 am to 12 pm**, the city's Department of Fire and Emergency Services will simulate a major fire and water emergency, a drill called the "Tender Tanker Taskforce Exercise," that will take place in the Allen Street parking lot behind the department's headquarters at 244 Perry Street in Trenton. Fire departments from the Middlesex, Delaware River, Shore, and Northwest Regions will participate in this comprehensive training exercise that helps fire departments prepare to fight fires when water availability is limited.

Please see the attached press release, embargoed until 8 am on November 1, for additional background about Saturday's preparedness drill. For more information about the technical details, please phone Fire and Emergency Services Director Qareeb A. Bashir at 609-743-4166.
