Bergey's Truck, Inc.

**EXCEPTIONS  
(IF NONE, PLEASE NOTE)**

350hp @ 2000 rpm with 1150 ft lbs torque @1200 rpm      Proprietary IH engine  
345hp @ 1600-1900 rpm with 1150 ft lbs torque @ 1400 rpm      Cummins Engine

Cruise Control controls on steering column

Dashboard mounted cruise control controls

70 gallon aluminum fuel tank

66 gallon aluminum fuel tank

**PLEASE NOTE:**

We are bidding a Mack model GU433. I have listed as many of the specification exceptions as I noticed, but the specifications are proprietary to the International model 7500SFA therefore it is not possible to bid any other truck other than the International 7500SFA without exceptions.

Mack Trucks has a commanding share of the refuse market in North America and the GU433 is more than capable to do the job that the truck described in your spec's is intended to perform. We are bidding the refuse body and plow hitch that are described in the specifications. Please consider this bid as compliant.
