Mission: The Trenton/Mercer Continuum of Care works to ensure that people who experience homelessness or are at imminent risk of homelessness will have access to community and system resources to resolve their immediate housing crisis and facilitate their transition from homelessness to stability in permanent housing as rapidly as possible. The CoC is charged with overseeing the annual application process to HUD. It provides a forum for analysis and discussion of emerging needs, development of program standards, assessment of progress toward ending homelessness and identification and coordination of other sources of funding.
