**OVERVIEW**

The Continuum of Care (CoC) Program is designed to promote communitywide commitment to the goal of ending homelessness; provide funding for efforts by nonprofit providers, and State and local governments to quickly rehouse homeless individuals and families while minimizing the trauma and dislocation caused to homeless individuals, families, and communities by homelessness; promote access to and effect utilization of mainstream programs by homeless individuals and families; and optimize self-sufficiency among individuals and families experiencing homelessness.

Annually, the U.S. Department of Housing and Urban Development (HUD) releases the Continuum of Care (CoC) Program Notice of Funding Availability (NOFA) to provides funding to non-profit organizations, States, and/or units of local governments to assist individuals (including unaccompanied youth) and families experiencing homelessness. This funding provides over \$3.9 million dollars in homeless services funding to the City of Trenton, on behalf of the Trenton/Mercer CoC, for permanent supportive housing, rapid re-housing, supportive services, and CoC infrastructure projects like HMIS (Homeless Management Information System) and planning. This year's NOFA was released on June 20, 2018.

The competitive application requires each local Continuum of Care to rank, score, and select new and renewal projects according to HUD's funding priorities and project performance. This information packet includes a timeline for the local competition and details how the Trenton/Mercer Continuum of Care evaluates renewal projects for reallocation, score and rank renewal and new projects, and make the application process available to the community.

It is strongly encouraged that all agencies applying for new or renewal project funding read the CoC NOFA and available HUD resources at the [HUD website](#). Information and other helpful information can be found on the [United States Interagency Council on Homelessness website](#) as well as the [National Alliance to End Homelessness website](#).

OVERVIEW OF THE LOCAL HUD CONTINUUM OF CARE PROGRAM PROCESS

**Designated NOFA Entities**

The Trenton/Mercer CoC governance charter and bylaws designate the City of Trenton, Department of Health and Human Services (DHHS) as the Collaborative Applicant and lead agency for the Trenton/Mercer Continuum of Care and is the only legal entity eligible to apply for HUD CoC Program funds.

DHHS oversees the overall development of the local NOFA submission to HUD, which includes:

- Developing an annual or multi-year funding strategy for allocating HUD CoC funding according to local need, HUD policy priorities, and overall system performance
- Reading and analyzing the annual Notice of Funding Availability (NOFA), developing an annual reallocation strategy, developing the annual project rating and ranking criteria, utilizing performance and program data to evaluate and rank project applications
- Overseeing the work of the consultants and CoC Application Team to prepare the NOFA submission
- Final submission for the annual CoC application to HUD

The City of Trenton develops the application to HUD according to the priorities, strategy, ranking, and requirements established by the CoC Executive Committee. The CoC Review Committee determines which projects may have partial or full funding reallocated, which new projects will be included in the final ranking, and the project ranking order according to the measures included in this document. Recommendations from the Review Committee are presented to the CoC Executive Committee for review and approval.

In addition, the Collaborative Applicant is responsible for, at a minimum:

1. Reviewing, preparing and submitting the CoC Registration
2. Complete the CoC Consolidated Application
  - a. CoC Applications (Exhibit 1)
  - b. Project Applications (Exhibit 2)
  - c. COC Priority Listing
3. Apply for CoC planning funds on behalf of the CoC during the CoC Program Competition.

**Trenton/Mercer Continuum of Care  
Fiscal Year 2018 HUD Continuum of Care NOFA  
LOCAL COMPETITION PROCESS & TIMELINE**

4. Conducting Performance Monitoring & Annual Progress Report Completion
5. Submitting the entire CoC Consolidated Application by the submission deadline
6. Reviewing other Federal requirements
7. Ensuring that proposed activities are consistent with HUD-approved Consolidated Plan
8. Ensuring all required attachments are completed, signed and attached to application
9. Submitting and obtaining an approved Grant Inventory Worksheet (GIW)
10. Submitting the HUD Form 2991- Certification of Consistency with the Consolidated Plan for each unit of local government within the local jurisdiction

All local application materials, processes, and the CoC Meeting calendar will be posted to the City of Trenton’s website under the Trenton/Mercer CoC tab and sent to the Mercer County email listserv for distribution.

LOCAL COMPETITION PROCESS & TIMELINE**

**CONTINUUM OF CARE PARTICIPATION**

A draft reallocation, scoring, and ranking strategy for the FY2018 Continuum of Care Funding Competition was presented to the Continuum of Care Executive Committee by the Review Committee on August 3, 2018. CoC Executive Committee members asked questions, discussed, and provided verbal feedback regarding the factors used to determine which projects would be suitable for reallocation, how to score new and renewal projects, and how the local funding priorities (project ranking order) should be set. Comments and suggestions were reviewed by the Review Committee and integrated into this published document. The CoC Executive Committee reviewed and approved the final ranking prior to the CoC’s application submission to HUD.

**FY2018 AVAILABLE FUNDING**

FY2018 CoC NOFA Anticipated Funding Available		
Amount	Type	Description
<b>\$3,884,113*</b>	The Annual Renewal Demand (ARD) for Trenton/Mercer	This is the base amount that the CoC is eligible to apply for
<b>\$233,047</b>	Bonus Project Funding (6% of ARD)	This is the maximum amount of new funding the CoC is eligible to apply for
<b>\$238,552</b>	Domestic Violence Bonus	This is the maximum amount of new funding for a new domestic violence bonus project that the CoC is eligible to apply for
<b>\$116,523^</b>	CoC Planning Grant Funds	This provides staffing support and funding for CoC Management
<b>\$4,472,235</b>	Total Anticipated Amount of Funding Available	

\*Projection: Final GIW approved by HUD

^Projection: Final approved by HUD

During the FY2018 NOFA competition, the Trenton/Mercer CoC will maximize opportunities to create joint transitional housing/rapid rehousing projects for homeless youth and pregnant and parenting youth.

**New Bonus Project Funding**

HUD allows local communities to create new projects through two methods: bonus projects and reallocation. Bonus projects are typically awarded competitively at the national level but are also required to be ranked with the CoC’s other renewal and new projects. The amount of funding available for bonus projects in Trenton/Mercer during the FY2018 competition is approximately \$233,047.

Eligible bonus projects include:

**Trenton/Mercer Continuum of Care**  
**Fiscal Year 2018 HUD Continuum of Care NOFA**  
**LOCAL COMPETITION PROCESS & TIMELINE**

- New Joint Transitional Housing/Permanent Housing – Rapid Rehousing that will serve homeless individuals 18-24 years of age and pregnant and parenting youth; and
- New Supportive Services Only (SSO) projects for centralized or coordinated assessment systems.

**New Project Funding Through Reallocation**

Reallocation refers to the process by which a CoC shifts funds in whole or in part from existing CoC-funded projects that are eligible for renewal to create one or more new projects. CoCs can pursue reallocations through the annual CoC Program Competition. A reallocated project must be a new project that serves new participants and has either a rapid re-housing or permanent supportive housing program design, or is dedicated to coordinated access. A new reallocated project may use resources from an existing project, including staff, but it is not simply a continuation of an existing project that serves existing participants.

Reallocating funds is one of the most important tools by which CoC's can make strategic improvements to their homelessness system. Through reallocation, CoC's can create new, evidence-informed projects by eliminating projects that are underperforming or are more appropriately funded from other sources. Reallocation is particularly important when new resources are scarce.

For FY2018, eligible new projects available through reallocation include:

- New Joint Transitional Housing/Permanent Housing – Rapid Rehousing that will serve homeless individuals 18-24 years of age and pregnant and parenting youth

**New Bonus Project Funding**

HUD is making new funding available for projects to serve survivors of domestic violence, dating violence, and stalking homeless populations. The amount of funding available for bonus projects in Trenton/Mercer during the FY2018 competition is approximately \$238,552. Eligible bonus projects include:

- 1) Permanent Housing Rapid Re-housing (PH-RRH) projects that must follow a housing first approach dedicated to serving survivors of domestic violence, dating violence, sexual assault, or stalking that are defined as homeless.
- 2) Joint Transitional Housing (TH)/Permanent Housing-Rapid Rehousing (PH-RRH) that must follow a housing first approach dedicated to serving survivors of domestic violence, dating violence, sexual assault, or stalking that are defined as homeless.
- 3) Supportive Services Only (SSO) project for Coordinated Entry (SSO-CE) to implement policies, procedures and practices that equip the CoC's coordinated entry to better meet the needs of survivors of domestic violence, dating violence, sexual assault, or stalking (e.g., to implement policies and procedures that are trauma-informed, client-centered or better coordinate referrals

**Trenton/Mercer Continuum of Care**  
**Fiscal Year 2018 HUD Continuum of Care NOFA**  
**LOCAL COMPETITION PROCESS & TIMELINE**

between the CoC's coordinated entry and the victim service providers coordinated entry system where they are different)

**FY2018 HUD PRIORITIES AND NATIONAL SCORING**

**About the NOFA**

The NOFA submission consists of three parts:

- *CoC Application* –This is the CoC's overall application, and primarily focuses on the CoC's progress on ending homelessness, strategic initiatives, and adoption of HUD's funding and policy priorities. It is a combination of narrative questions and data tables. The CoC's application score heavily impacts the individual project scores—particularly for projects that fall in Tier 2 of the ranking (more information below).
- *Project Ranking* — This is an ordered ranking of all renewal and new projects the CoC is submitting in the application for funding. The project ranking should reflect HUD funding priorities, local need, and a data-driven process for evaluating individual project performance. Prior to the ranking process, the CoC completes a full performance evaluation of all renewal projects and determines whether to include each individual project in the ranking.

HUD requires the project ranking consist of a Tier 1 and Tier 2. HUD typically has enough funding to fund all projects that meet threshold criteria and are in Tier 1. Projects in Tier 2 are considered “at-risk” of not being funded if the overall CoC score and individual project score are not competitive at the national level. For FY2018, the tiers are as follows:

- Tier 1: 94% of Annual Renewal Demand
  - Tier 2: 6% of Annual Renewal Demand + Eligible Bonus Project Funding
- *Project Applications* – Each project approved for inclusion in the local project ranking is included in the CoC's submission to HUD. Each project application must meet HUD's threshold review in order to receive funding in addition to the competitive scoring process.

**Trenton/Mercer Continuum of Care  
Fiscal Year 2018 HUD Continuum of Care NOFA  
LOCAL COMPETITION PROCESS & TIMELINE**

CoC Application Scoring		
Max Points	Scoring Factor	HUD Criteria
48 points	CoC Application Score	CoC Coordination and Engagement
29 points	Ranking Order	Project Capacity, Review and Ranking
13 points	Homeless Management Information Systems	Demonstrate existence of a functioning HMIS
6 points	Point-in-Time Count	Collect, use and submit data from 2018 PIT count
56 points	System Performance	CoC system-wide performance
48 points	Performance and Strategic Planning	CoC's plan for and progress towards reducing homelessness in its geographic area
<b>TOTAL Points Available: 200</b>		

**HUD POLICY PRIORITIES (from the FY2018 NOFA)**

This year's CoC Program Competition will continue to focus on the goals of ending homelessness for all populations. The section explains HUD's Policy Priorities for the CoC Program Competition. These are not requirements, instead they explain HUD's priorities and provide context for the requirements in the FY2018 CoC Program Competition. The policy priorities in the FY2018 CoC Program Competition will include:

1. **Ending Homelessness for all persons.** To end homelessness, CoCs should identify, engage, and effectively serve all persons experiencing homelessness. CoCs should measure their performance based on local data that take into account the challenges faced by all subpopulations experiencing homelessness in the geographic area (e.g. veterans, youth, families, or those experiencing chronic homelessness). CoCs should have a comprehensive outreach strategy in place to identify and continuously engage all unsheltered individuals and families. Additionally, CoCs should use local data to determine the characteristics of individuals and families with the highest needs and longest experiences of homelessness to develop housing and supportive services tailored to their needs. Finally, CoCs should use the reallocation process to create new projects that improve their overall performance and better respond to their needs.
2. **Create a Systematic Response to Homelessness.** CoCs should use CoC Program performance measures such as the average length of homeless episodes, rates of return to homelessness, and other factors that determine the effectiveness of serving people experiencing homelessness. Additionally, CoCs should use their Coordinated Entry process to promote participant choice, coordinate homeless assistance and mainstream housing and serves to ensure people experiencing homelessness receive assistance quickly, and make homeless assistance open, inclusive and transparent.
3. **Strategically allocating and using resources.** Using costs, performance and outcome data, CoCs should improve how resources are utilized to end homelessness. CoC's should review project

**Trenton/Mercer Continuum of Care**  
**Fiscal Year 2018 HUD Continuum of Care NOFA**  
**LOCAL COMPETITION PROCESS & TIMELINE**

quality, performance and cost effectiveness. HUD also encourages CoCs to maximize the use of mainstream and other community-based resources when serving persons experiencing homelessness. CoCs should also work to develop partnerships with Public Housing Authorities (PHAs) to work toward helping CoC Program participants exit permanent supportive housing through Housing Choice Vouchers and other available housing options. Finally, CoCs should review all projects eligible for renewal in FY 2018 to determine their effectiveness in serving people experiencing homelessness including cost effectiveness.

- 4. Using a Housing First Approach.** *Housing First* prioritizes rapid placement and stabilization in permanent housing and does not have service participation requirements or preconditions. CoC Program funded projects should help individuals and families move quickly into permanent housing, and the CoC should measure and help projects reduce the length of time people experience homelessness. Additionally, CoCs should be engage landlords and property owners, remove barriers to entry, and adopt client-centered service methods.

Note: HUD will be releasing a series of messages, webinars, and resources leading up to the NOFA deadline. You can review these resources and sign up for the HUD mailing list at [www.hudexchange.info/](http://www.hudexchange.info/)

**RENEWAL PROJECT REALLOCATION PROCESS**

The US Department of Housing and Urban Development (HUD) encourages Continuums of Care to reallocate funds from renewal projects to provide funding for new projects and to create additional permanent supportive housing stock. It is therefore the intent of the Trenton/Mercer Continuum of Care to develop a Reallocation Policy and Procedure that is aligned with HUD and HEARTH Act policy guidance, based on performance based as specified in the annual HUD NOFA and based upon performance metrics.

**Reallocation Policy**

**1. HMIS Project Performance Measures**

The HUD Annual Performance Report is used to assess outcomes which directly relate to goals set forth in HEARTH including reducing length of homelessness, reducing returns to homelessness and increasing income. Below are specific HMIS Project Performance measures used during the evaluation process:

- a. Housing Stability
- b. Income growth and maintenance
- c. Compliance
- d. Data Quality

**2. Fiscal Measures**

**Trenton/Mercer Continuum of Care**  
**Fiscal Year 2018 HUD Continuum of Care NOFA**  
**LOCAL COMPETITION PROCESS & TIMELINE**

The Trenton/Mercer CoC expects that homeless assistance resources be fully utilized. Site reviews will include criteria to determine whether any HUD funds recaptured at the completion of the most recent grant, how much money was recaptured and whether actions have been taken to assure that grant funds will not be recaptured in the current program year.

- a. Expenditure of CoC Grant Funds
- b. Accurate and timely drawdowns

3. Procedure

The Trenton/Mercer CoC strives to develop a reallocation process that will ensure that projects submitted in the CoC Consolidated Application process best align with the HUD's priorities and contribute to a complete application process that collaboratively secures dollars to improve our community. The CoC will make decisions based on alignment with HUD guidelines, performance measures and unspent project funds. Reallocated projects are encouraged to seek funders that will support the contributions these projects make to the community. Example Reallocation Strategy: Identify Target projects with \$25K or more unexpended funds for reallocation.

**Spending History**

Projects with a history of returning funds to HUD will be considered for a partial or full reallocation of funds. Organizations found to have less than 80% of their grant expended will be targeted for reallocation. Organization spending will be based on level of service and grant savings (attributed to FMR) and rent contributions. HUD expects programs to spend 100% of the funds they are allocated – if projects are chronically underspending, but are included in the ranking without reallocation, HUD may reject a funding request for the project.

**Poor Performance/Underfunded**

Renewal projects will be reviewed to determine whether the project is satisfactorily meeting performance outcomes related to permanent housing stability, income growth, compliance and data quality.

**Program Compliance and Monitoring**

Projects with unresolved monitoring findings or are in non-compliance with the CoC Program Regulations (including participant eligibility), Coordinated Assessment, HMIS participation, and other applicable regulations and laws may have funds partially or fully reallocated.

PERFORMANCE MEASURES

All CoC projects are reviewed by the Trenton/Mercer CoC Evaluation committee and funding decisions, including decisions to reallocate, are based on project performance. As outlined in the CoC Monitoring policy, the CoC developed specific HMIS Performance and Fiscal Performance measures and instituted a

**Trenton/Mercer Continuum of Care**  
**Fiscal Year 2018 HUD Continuum of Care NOFA**  
**LOCAL COMPETITION PROCESS & TIMELINE**

process to monitor projects. This monitoring process is designed for both CoC and Emergency Solutions Grant (ESG) funded projects.

**1. HMIS Project Performance Measures**

The HUD Annual Performance Report is used to assess outcomes which directly relate to goals set forth in HEARTH including reducing length of homelessness, reducing returns to homelessness and increasing income. Below are specific HMIS Project Performance measures used during the evaluation process:

- a. Length of Stay
- b. Exit to Permanent Housing
- c. Returns to Homelessness
- d. New or Increased Earned Income, New or Increased Non-Employment Income
- e. HMIS Data Quality Rate
- f. Serves Priority Population

**2. Fiscal Measures**

The Trenton/Mercer CoC expects that homeless assistance resources be fully utilized. Site reviews will include criteria to determine whether any HUD funds recaptured at the completion of the most recent grant, how much money was recaptured and whether actions have been taken to assure that grant funds will not be recaptured in the current program year.

- a. Drawdowns Submitted by Due Date
- b. Meets Match Requirement
- c. HMIS APR Submitted by Due Date
- d. Match and Leverage Documentation
- e. Drawdowns Submitted Accurately
- f. Serves Priority Population
- g. Completed Acuity Index

Decisions are based on alignment with HUD guidelines, performance measures and unspent project funds.

**RENEWAL PROJECT SCORING PROCESS**

Renewal projects approved by the CoC Executive Committee for inclusion in the CoC project ranking will be scored according to an objective scoring tool based on their individual project performance, alignment with HUD and CoC policy priorities, and compliance. The CoC has established specific performance goal based on:

- 1) **HMIS Performance:** Length of Stay, Exit to Permanent Housing, Returns to Homelessness, New or Increased Earned Income, New or Increased Non-Employment Income, HMIS Data Quality Rate, Serves Priority Population – Zero Entry + From Street or Place not meant for human habitation

**Trenton/Mercer Continuum of Care**  
**Fiscal Year 2018 HUD Continuum of Care NOFA**  
**LOCAL COMPETITION PROCESS & TIMELINE**

2) **Fiscal Performance:** Drawdowns Submitted by Due Date, Meets Match Requirement, HMIS APR Submitted by Due Date, Match and Leverage Documentation, Drawdowns Submitted Accurately, Serves Priority Population, Completed Acuity Index.

The CoC has and developed a process for monitoring both Continuum of Care and Emergency Solutions Grant (ESG) funded projects. Performance and HMIS elements are heavily weighted measures used by HUD in determining the overall CoC score for the NOFA. Data used in the project scoring tool comes largely from projects' most recently submitted Annual Performance Report (APR). Participation in HMIS and quality data entry is mandatory for those agencies seeking renewal CoC funds, except where prohibited by law.

A list of all FY 2018 potentially-eligible renewal projects can be found in Appendix A, and a copy of the renewal project scoring tool can be found in Appendix B of this document. After completing the project scoring tool, the Review Committee will rank all renewal projects according to their evaluation score.

First-time renewals are projects that have not yet completed their first operating year, and thus, cannot be scored for their performance. However, the Review Committee will evaluate each first time renewal to ensure that each project is on track for implementation and anticipated outcomes.

### NEW PROJECT SCORING PROCESS

New project applicants will be scored on the following:

1. Organization Experience with target population
2. Design of Housing & Supportive Services
3. Timeliness
4. Fiscal
5. Project Effectiveness

There may be new projects that fail to score well enough to be included in the NOFA submission, or there may not be enough new projects funding to fund all requests. New project applicants are highly encouraged to participate in the CoC (but not a condition of selection) and review the new project application guide and instructions while preparing their application, which provide a wealth of resources on best practices, policies, procedures, and requirements.

### PROJECT RANKING PROCESS

New and renewal project approved for inclusion in the CoC's Project Ranking will be ranked in the following order:

**Trenton/Mercer Continuum of Care**  
**Fiscal Year 2018 HUD Continuum of Care NOFA**  
**LOCAL COMPETITION PROCESS & TIMELINE**

1. First time renewal Permanent Supportive Housing (PSH)
2. Renewal PSH projects, ranked in order of highest to lowest score
3. First time renewal Rapid Re-housing (RRH), ranked in order of highest to lowest
4. Renewal RRH, ranked in order of highest to lowest score
5. New Joint Transitional Housing (TH)/RRH, created through reallocation, ranked in order of highest to lowest
6. Renewal Coordinated Assessment Projects
7. New Joint Transitional Housing (TH)/RRH created through the bonus, ranked in order of highest to lowest
8. New Domestic Violence Bonus ranked in order of highest to lowest
9. New Coordinated Assessment Projects

NOTE: Homeless Management Information System (HMIS) is a CoC infrastructure project that is necessary to collect, analyze and report data. This project is being recommended for inclusion in Tier 1.

**PROJECT ELIGIBILITY & APPLICATION PROCEDURES**

**Eligible Organizations**

New and Renewal Project Applicants must be:

- A Non-Profit 501(c)(3) tax-exempt organization
- Provide a copy of the agency's Certificate of Incorporation
- Provide a list of the Board of Directors
- Able to document at least a 30% cash or in-kind match for the amount of funding requested except leasing as per the local CoC requirements

**Submission Requirements**

Applicants will submit an electronic copy of the application and all required supporting documents to the City of Trenton and the County of Mercer. Hard copies of applications will be accepted but electronic version is highly preferred. An email acknowledgment will be provided upon receipt of application. All project applications must be received by the application deadline stated in Notice of Intent to Apply and the RFP. Applicants are **highly encouraged** to review all documents and HUD resources that ensure your project will meet the eligibility criteria.

ALL project applications (new and renewal) must include the following components:

1. Completed application appropriate for the type of project
2. List of Match
3. Match Supporting Documents

**Trenton/Mercer Continuum of Care  
Fiscal Year 2018 HUD Continuum of Care NOFA  
LOCAL COMPETITION PROCESS & TIMELINE**

4. Federal Tax Exemption Determination Letters
5. List of Board of Directors

All submissions will undergo a review for completion and accuracy prior to being scored by the Review Committee. Projects that submit incomplete applications or do not submit their application by the stated deadline in this document may not be considered for funding.

**APPENDIX A: GRANTS ELIGIBLE FOR RENEWAL IN FY2018**
