

Cease Outreach Meeting/ Outreach Superstars
March 4, 2016

There was a consensus that coordinated outreach would be a benefit to everyone. Decision was made to begin coordinated outreach during month of March and convene in a case conference on March 31 after the train station outreach session. Vivienne Stewart agreed to coordinate the case conference. Goal is to gain a broad look at unsheltered and begin to coordinate and share information as well as to streamline responsibility. **Group was renamed the Outreach Superstars.**

In preparation the group broke down into 2 teams, each with representation from MH(Oaks) veterans, Reentry and generic (Catholic Charities and Crisis Ministry). They will plan team outreach to specific hotspots over the next 2 weeks and bring this info to the case conference. Individual agencies will continue their regular outreach and also bring that information to the case conference on March 31
