

Trenton Water Works
Water Service and Meter Installation Application Form

I. Well water status (Check appropriate box and sign):

I **am not** presently on well water. (Skip to section III.)

_____/_____/_____: ____/____/_____
(Signature of Applicant) (Printed Name of Applicant) (Date)

I **am** presently on well water.

_____/_____/_____: ____/____/_____
(Signature of Applicant) (Printed Name of Applicant) (Date)

II. Service Installation Agreement for applicants currently being served by a well.

I hereby attest to my understanding that a service lateral (pipe) of a size equal to the size designated on this application together with the approved control valve shall be installed by an authorized contractor. The service lateral shall be installed from the water main to about eighteen inches beyond the property side of the curb or edge of pavement after I have had my plumbing installed from the inside of my premise or building to about eighteen inches from the property side of the curb or edge of pavement.

I understand that the removal of all well appurtenances shall comply with the NJDEP Safe Drinking Water Act regulation N.J.S.A. 58:12A-1 et. seq. and that noncompliance may result in a fine up to \$5,000.00. If I use a plumber to disconnect and remove my well system, I must inform him of these requirements. I am aware of the costs that I will incur to disconnect and remove my well system and its appurtenances (pump, tank, etc.) from the building or house plumbing. I realize that I will incur additional costs for installation of the water service pipe from the building or house to the water main and that this work must be coordinated with the Trenton Water Works' Meter Office at (609) 989-3225.

I will not receive water service until the Meter Office installs the water meter and Trenton Water Works establishes service. If water service is established by any other person or entity other than Trenton Water Works, such action shall constitute Theft of Service and may result in legal action.

_____/_____/_____: ____/____/_____
(Signature of Applicant) (Printed Name of Applicant) (Date)

III. Assumption of responsibility of costs associated with the construction and installation of service.

I hereby attest to my understanding that, if approved by Trenton Water Works, the owner or his designee shall be responsible for all costs associated with the construction of the water service identified in this application. I further attest to my understanding that this shall include permits and other costs related to the construction of water service. The construction of the water service shall not commence until Trenton Water Works issues its approval of the application for water service contained herein.
