EXCEPTIONS

CITY OF TRENTON DEPARTMENT OF ADMINISTRATION – EMERGENCY MASS NOTIFICATION SYSTEM BID2017-11

Rave Mobile Safety (Rave or Bidder) submits these Exceptions as part of its Proposal in response to the Emergency Mass Notification System Bid2017-11 (RFP) of the City of Trenton Department of Administration (City). The Rave Alert Emergency Notification System (System) is Rave’s proprietary Software-as-a-Service (SaaS) solution. In connection with any final Contract entered into by the City and Rave for the provision of its System, Rave respectfully requests that the Rave Master License and Services Agreement (MLSA) be incorporated, which includes customary licensing language regarding the license by Rave of its System to the City.

Other than the technical specifications for the System, Rave intends that any statements in this Proposal regarding future product road maps and expected operational capability that are dependent on the performance of any emergency response and other third party service providers are provided only for the City’s background information. Rave reserves the right for further legal review of the RFP terms and conditions, as well as any provided by the City during the negotiation process.

Rave proposes to change Section 9.1 of the MLSA to the State of New Jersey.

Instructions To Bidders:

IV. V.(C), and X.(C): Consistent with the customary scope of a software licensor’s indemnification obligations, Rave proposes that its indemnification obligations be governed by Section 8 INDEMNIFICATION of the MLSA. Any general indemnification will be limited to any third party claim directly arising out of gross negligence and willful misconduct in the performance of the contract by Rave.

VII.(A.[2]): The services provided are fully hosted, managed and maintained software as a service where all hosting, management and maintenance is off-site. Therefore Section VII.(A.[2]) does not apply.

VIII.(E): Rave proposes that its assignment obligations be governed by Section 9.5 Assignment of the MLSA.

X.(A) and (D): Rave proposes that its termination obligations be governed by Section 2.2 Termination for Breach/Bankruptcy of the MLSA. Any cost remedies will be limited to those in the MLSA or as negotiated as a part of the final contract.

X.(B): Rave’s liability obligations will be governed by Section 6.2 Limitation of Liability of the MLSA.

EXCEPTIONS
(IF NONE, PLEASE NOTE)

All requests in the specifications are available with the following exception.

7. Our main site is located in Des Plaines, IL. The redundant back-up site is located in Waukesha, WI. These locations both have back up generators and are totally redundant. They also are on separate electrical grids and have dual, redundant and independent telecom connections. In addition, we are backed up by a remote third party location. Waukesha and Des Plaines are approximately 90 miles apart.

Exhibit A following this page gives additional detail on our pricing and other options.
