

TWW H2Open Forums Schedule

Overview

Our **H2Open Forums** are an opportunity for attendees—residents, customers, and public officials—to ask questions about their drinking water and water-utility infrastructure and get information directly from our TWW team. The Q&A session, which lasts an hour and a half, features TWW leaders like Acting Director **Steven J. Picco** providing information on our six-year, \$405-million-dollar capital plan. Topics of discussion include our \$150-million **Lead Service Line Replacement Program** and corrosion-control project; compliance with state Administrative Consent Orders (ACO); labor-force expansion; and TWW’s proposal to raise rates and fees.
