

W. Reed Gusciora, Mayor
Department of Health & Human Services
Dr. Adela Ames-Lopez, Director
Yvette Graffie-Cooper, Health Officer

REGISTER FOR THE COVID-19 VACCINE

Vaccines work by triggering a person's immune system to develop protection against a disease. COVID-19 vaccines help our bodies develop immunity to the virus that causes COVID-19 without us having to get the illness. COVID-19 vaccines that are authorized for use have gone through clinical trials involving tens of thousands of participants to determine their safety and effectiveness.

- The vaccine can help prevent getting COVID-19.**
- People who've had COVID-19 should still be vaccinated.**
- The COVID-19 vaccine cannot make you sick with COVID-19.**

**Pre-Register for the Vaccine:
Call Us or Email Us:**
