**CITY OF TRENTON
COUNTY OF MERCER, STATE OF NEW JERSEY**

INTRODUCTORY SECTION (UNAUDITED)

The Comprehensive Annual Financial Report of the City of Trenton (the “City”) for the fiscal year ended June 30, 2021, is submitted herewith. New Jersey statutes require that the City annually issue a report on its financial position and activity. An Independent Registered Municipal Accountant must audit the report. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the City of Trenton. To the best of our knowledge and belief, the enclosed data are accurate in all material respects. All disclosures necessary to enable the reader to gain an understanding of the activities of the City have been included.

The Comprehensive Annual Financial Report is presented in three sections: an introductory section, a financial section, and a supplementary information section. The introductory section, which is unaudited, includes this transmittal and general information about the City. The financial section includes the general-purpose financial statements and the combined and individual fund and account group financial statements with notes to financial statements and supplemental schedules, as well as the independent auditors’ report on these statements, notes and schedules. The supplementary information section, which is unaudited, includes required supplementary information in accordance with GASB Statement No. 68 and 75, and selected financial and demographic information (Schedules 1 through 3).

General Description

The City was first settled in 1680 and incorporated as a City in 1792. It is located in the west-central portion of the State of New Jersey (the “State”) on the Delaware River and is the Capital City of the State.

Governmental Structure

The form of government in the City is the Mayor-Council Plan C of the Optional Municipal Charter Law of 1950, N.J.S.A. 40:69A-55 et seq. (Laws of New Jersey 1950, Chapter 210).

The City Council consists of seven members, three of whom are elected at large and four of whom are elected by wards. Members of the City Council are elected for a term of four years at a regular municipal election. The legislative power of the City is exercised by the City Council, except as otherwise provided by general law. The Mayor is elected by the voters of the City at a regular municipal election and serves for a term of four years. The Mayor is the chief executive and administrative officer of the City.

Governmental Services

The City provides standard municipal services through specified departments funded by general revenues including: police and fire protection; construction and maintenance of streets and bridges; trash collection and disposal; recreation programs and facilities; supervision of health programs; acquisition and maintenance of City real and personal property; maintenance of building codes and regulation of licenses and permits; maintenance of records; collection of taxes and revenues; purchase of supplies and equipment; and maintenance of a judicial system.

In addition, the City provides, through the Department of Public Works and funded by user charges, a sewage collection and treatment system and a water supply and distribution system. The Sewer Utility services the City and, as such, the City is empowered to adjust user rates to

support annual appropriations for operating and maintaining the system and to pay required annual debt service incurred for capital expenditures on the system. The Water Utility services the City as well as the Townships of Ewing, Lawrence, Hopewell and Hamilton (collectively, the "Townships"). The City changed to an equal water rate system in 2006 and is no longer required to apply to the New Jersey Board of Regulatory Commissioners for rate changes. Rate increases are now adopted by ordinance of the City Council.

Education

The Trenton School District, at an election held on November 6, 1984, was changed (effective February 1, 1985), from a Type II School District to a Type I School District. The District has twenty elementary schools, one junior high school, and two senior high schools. In addition, seventeen private primary schools located in the City and two private high schools located in bordering communities serve the City. Higher educational opportunities are available at The College of New Jersey, Rider University, Mercer County Community College, Thomas Edison State University and Princeton University, located in Mercer County.

The Board of Education consists of nine members appointed by the Mayor. All members serve until the appointment and qualification of their successors. Meetings are twice a month. Additional special meetings are frequently scheduled and the time required for review and preparation is significant. The Board of Education has full power to operate the local public schools as it deems fit in compliance with state and federal mandates and pertinent laws of the municipality. The Board of Education's required functions are the development of policy and the employment of the Chief School Administrator who shall carry out its policies through the development and implementation of regulations.

The school district receives a significant amount of state aid for operating purposes, debt service and capital outlay paid primarily pursuant to the Comprehensive Educational Improvement & Financing Act of January 2008 1996 (P.L. 1996, c. 138). Funding for certain capital programs is continued under the Educational Facilities Construction and Financing Act (P.L. 2000, c.72). Consequently, a significant portion of the debt service listed in this report will be funded with state aid.

Economic Development

Downtown Trenton

It is anticipated that Ajax Management will rehabilitate or rebuild 600 market-rate residential units downtown, thereby increasing commercial demand. The Commonwealth building and the former Bell Telephone building are slated as the first of the adaptive reuse construction projects. The Commonwealth building has been completed with 35 units and 3,521 square feet of retail space. The former Bell Telephone building has been slated to begin construction this year with 104 units and 12,514 square feet of commercial space. Combined the \$60 million capital investment will add almost 600 market-rate units, retail space, commercial space, structured parking and a full-service fitness facility.

Economic Development (Continued)

Downtown Trenton (Continued)

The former Van Sciver Building and the Former Sun National Bank Building on South Broad Street (combined) has been approved for redevelopment with 120 residential units, 8,548 square feet of commercial space, and structured parking.

Small businesses continue to open up downtown. In addition to the many historic amenities of the downtown, the core is a destination for food and culture. This has included the opening of Royal Cake Creations, Arlee's Raw Blends, Tracey's Kitchen, Delia's Empanada Café, Starbucks, Lucky's Lunchbox and 128 West State Street Café.

Mercer County Community College expanded its Trenton Hall facility on Broad Street by adding a \$6 million, 28,000 square foot addition in 2017. The new addition will house courses in fashion and merchandising, security system technology, cyber security, and existing classes in certified nurse assistant, phlebotomy and EKG.

In 2017, Maestro Technologies was awarded \$17 million in tax credits from the New Jersey Economic Development Authority ("NJEDA") to open up their 178 employee offices at State and Warren Streets, the center of the City.

Thomas Edison State University completed construction on its new W. Cary Edwards School of Nursing facility in 2016. The facility replaces a 30-year-old vacant dilapidated blighted structure that was an eyesore at one of the City's most prominent gateways. The \$26.2 million project includes classroom space, simulation labs, testing space, meeting space, conference rooms and two levels of parking.

The State is making a \$135 million capital investment in the Capital City. With the goal of attracting more private investment to the City by reducing the footprint of state office buildings downtown, the NJEDA has been tasked with overseeing and financing the State Office Building project, which involves the new construction of two buildings to house the departments of Agriculture and Health Administration, Health Lab and Taxation.

Roebling Complex and Arena District

Roebling Lofts completed phase 1 of the planned \$140 million Roebling Center development project that will include 6 buildings, 190 lofts, 178,000 square feet of creative class office space and 4 restaurants surrounding the "Railyard", an exciting new public space that will be programmed with concerts and other live events. Roebling Lofts is presently occupied. Phase 1 consists of 138 market-rate rental units with an estimated cost of \$40 million. The next phase includes an office building that is soon to be occupied by Princeton Hydro, a regional environmental consulting firm.

In 2016, the New Jersey Realtors Association ("NJ Realtors") opened their new headquarters across from the Cure Auto Insurance Center on the corners of Hamilton Avenue and Broad Street. NJ Realtors is a trade organization serving about 43,000 realtors.

Economic Development (Continued)

Route 29 – Waterfront Reclamation Project

Talks continue to realize the Waterfront Reclamation and Redevelopment Project (“WRRP”). The project seeks to reconnect the City to its waterfront and create opportunities for development in the downtown. The project is also about promoting civic unity and pride. A revitalized waterfront would re-establish Trenton as the downtown to central Jersey and provide residents with a badly needed civic space.

To achieve this vision, Route 29 must be converted from a limited access, high-speed urban freeway to an urban boulevard with a lower speed limit and improved intersections. As such, the WRRP is an example of modern transportation planning. It takes into account how investments in transportation infrastructure can drive economic development and support community efforts to promote sustainable development, improve safety, create new opportunities for bicycle and pedestrian routes, promote better air quality, and reduce flooding.

Additionally, the project seeks to include the creation of parks and open space along the beautiful Delaware River and the development of mixed-use commercial and residential buildings. The City continues to work with economic development partners to realize a revitalized waterfront that represents a Class “A” Capital City.

The City, Mercer County, New Jersey Department of Transportation (“NJDOT”), New Jersey Department of Environmental Protection and other stakeholders are collaborating to redesign and rebuild “The Wharf” in South Trenton. The Wharf was a well known fishing spot on the Delaware River. This new park will be constructed as part of a planned flood control and stormwater management project managed by NJDOT.

Assunpink Creek Greenway

Restoration for the Assunpink Creek area continues with plans for a 100+ acre urban park and greenway that will include several baseball and soccer fields, playgrounds, picnic areas, tennis and basketball courts, and an 18-hole chip and putt golf course.

Landscape architects are planning for recreational uses and passive open spaces from Perrine Avenue to North Olden Avenue, and along Mulberry Street. The new Hetzel pool was recently completed and includes a sprayfield, a new pool, rehabbed changing rooms, and new parking. Environmental investigations and remediation are ongoing on some sites. A \$1M grant was received from the Federal Government for new soccer fields on Taylor Street.

The Assunpink Daylighting project was completed in Spring 2020. The project was successful in removing the old culvert allowing for the visual appreciation of the creek, created a creek-side park to expand the adjacent Mill Hill Park, and expanded/augmented freshwater wildlife habitat.

Housing

The Division of Housing Production (“Division”) is the arm of the Department of Housing and Economic Development with direct responsibility for furthering housing development. The Division is responsible for setting housing priorities, assembling and coordinating financial resources, and providing technical support services to non-profit and for-profit housing development entities. It acts as an advocate for affordable housing within and outside City government, using its

resources to facilitate the approval process for affordable housing development in the public and private sectors.

The mission of the Division is to improve the City's housing stock by fostering the construction and rehabilitation of housing, to address the full range of the community's needs, and to ensure that new housing in the City revitalizes and stabilizes the City's neighborhoods. The Division also administers the City's HOME program funds and Rehabilitation Program.

Currently, there are several major Housing projects in various stages of development throughout the City, including:

- Jennings Village is a four-story building with seventy-two (72) residential units that will feature a traditional design concept that draws on the surrounding architectural context. The unit mix consists of eleven (11) one-bedroom units, forty-two (42) two-bedroom units, and nineteen (19) three-bedroom units. The developer will reserve five (5) of these units for the purpose of serving homeless with a preference for veterans. Each apartment will have a spacious layout, be constructed of sustainable building materials, and feature stainless steel ENERGY STAR appliances.
- 150-170 South Broad will create 120 one-to-three-bedroom units of which 11 will be funded with by the HOME program. Thirty-six units will be available to households with income at or below 50% of the area median income and 82 will be available at market rate.
- The Division administers the Trenton Urgent Rehabilitation Program. The program provides a grant/loan to the homeowner for an emergency repair that would otherwise cause the homeowner to vacate their home.

Public Facilities

Currently, CDBG funds are being used to renovate several City public facilities, including:

- Reading Senior Center. 1st Floor full gut/renovation (interior walls, flooring, lighting, etc.) for new office space and kitchenette. Gut renovation and enlargement of existing restrooms for ADA compliance. 2nd Finish upgrades, new conference room. Addition of limited use / limited application (LULA) elevator between first and second floors. Renovation of existing commercial kitchen, finishes, casework and lighting.
- North Clinton Recreation Center. Funds will be used to make improvements to the City's North Clinton Recreation Center. Improvements include Exterior: Façade improvements, New concealed security roll-down grill entry, New aluminum and glass storefront entry, New railing at existing side entry ramp Interior, New conference room, computer lab and kitchenette, Renovation of existing restrooms, New laundry room, All new floor, wall and ceiling finishes, New lighting, Replace existing basement access hatch with new code compliant stair and enclosure, Replace exterior windows.
- South Broad Street Center. New roof and faced masonry work completed.
- Sam Naples Center. Exterior repair and painting.
- Calhoun Street Pool Fencing Program. New fencing and ball stopping mechanism around City of Trenton Pool Complex Center.

Commercial and Industrial Development

- The City is working with recipients of Medical Marijuana licenses issued by the State of New Jersey to site one or more vertically oriented marijuana operations on City-owned industrial property on Enterprise Avenue. These facilities are expected to generate 50 to 100 jobs after construction and significant growth is anticipated. Additional City-owned industrial property is expected to be sold through competitive processes.
- The City created an Emergency Loan Program that provided \$2 million in 2% interest loans to Trenton businesses struggling to deal with the impact of COVID. Greater Trenton provided funds to cover Trenton businesses not in the Urban Enterprise Zone, used by 40 businesses to stabilize their business.
- The City created a Job Creation Loan fund that offers 3% loans that are partially forgivable if the business has employed Trentonians, used by Princeton Hydro as they relocate to Trenton in 2021.
- The City used CDBG funds for a loan program that will assist 1911 Smokehouse Barbecue and Hanover Creative expand and create new jobs for Trentonians.
- The City created a Business Improvement Incentive that provides matching money for existing businesses to maintain their buildings and for incoming businesses to fit out their new business, used in 2021 by 104 Perry to fix up a gutted commercial space and bring it into productive use; by 13 East Front to repair the roof so that Lucky's Lunchbox could move in; by Giaquintos Shoe Repair for a new facade; and approved in 2021 by Sabor Latino for a new facade.
- The City continues to run what MercerMe calls the "best shop local program in New Jersey" to support Trenton businesses. In addition to their ongoing activities, in 2021 the City teamed up with local YouTubers to make videos featuring Trenton businesses.
- Royal Cake Creations opened on North Willow in 2021.

Pension and Other Postemployment Benefits Information

Those municipal employees who are eligible for pensions and other post-employment benefits are enrolled in the State's pension and health benefit systems, respectively. Three pension and health benefit systems were established by acts of the State Legislature. Benefits, contributions, means of funding, and the manner of administration are determined by statute.

The three State-administered pension funds are: the Consolidated Police and Firemen's Pension Fund (N.J.S.A. 43:16A), the Police and Firemen's Retirement System (N.J.S.A. 43:16A), and the Public Employees' Retirement System (N.J.S.A. 43:15A). The Division of Pensions within the Treasury Department of the State is the administrator of the funds of the pension and health benefit systems. This Division charges governmental units their respective contributions on an annual basis for pensions and a monthly basis for health benefits. State law requires that these systems be subject to actuarial valuation every year and actuarial investigation every three years.

INTRODUCTORY SECTION (UNAUDITED)

Water Utility

The Water Utility services the City, as well as the Townships of Ewing, Lawrence, Hopewell and Hamilton. Approximately 36% of water utility revenues are derived from City users and 64% from users in the four townships. The service area population exceeds 200,000. Increased water rates went into effect October 15, 1998, (July 1, 1999, for public fire protection rates for Ewing, Hamilton, Hopewell and Lawrence). In 2012, rates were increased by approximately 37%; this was the first rate increase since 1991. In 2020, rates were adjusted to pay for Water Utility capital and operating needs. The rates will be reevaluated every two years.

Sewer Utility

Since May 1927, the Trenton Sewer Utility has provided dependable and efficient collection, treatment and disposal of the wastewater, storm water and biosolids that are generated in the City daily. The current sanitary, combined and storm water collection systems in the City provide complete service to the entire City. The Sewerage Treatment Plant is permitted to treat 20 million gallons per day and averages approximately five billion gallons per year. With a staff of about 52 employees, the Trenton Sewer Utility is in full compliance with all federal, state and local environmental requirements.

Parking Authority of the City of Trenton

The Parking Authority of the City of Trenton (the "Parking Authority") was created in 1948 and currently owns and operates five active parking garages.

The Parking Authority issued \$21,000,000 Parking Revenue Bonds (City Guaranteed, Series 2000), dated April 1, 2000, (the "Parking Authority Bonds") and guaranteed by the City. Proceeds of this issue were used to: (a) construct a 650 space parking facility structure which will be connected to the hotel and conference center to be constructed by the Lafayette Yard Community Development Corporation, a not-for-profit entity; (b) pay any costs deemed appropriate by the Parking Authority in connection with the aforementioned hotel and conference center; (c) acquire from the City facilities currently constituting part of the City's parking utility or other similar facilities; and (d) fund all costs and expenses related thereto (including capitalized interest and the funding of a bond reserve fund).

In October 2001, the Parking Authority issued \$20,590,000 Parking Revenue Refunding Bonds (City Guaranteed, Series 2001), dated October 1, 2001, (the "Parking Authority Refunding Bonds") and guaranteed by the City. The proceeds of the Parking Authority Refunding Bonds were used to advance refund certain callable maturities of the Parking Authority Bonds, producing annual debt service savings for the Authority (total net present value savings were approximately 3.20% of the refunded bonds). In conjunction with the acquisition of facilities from the City parking utility, the Parking Authority took over responsibility for the payment of debt service on bonds related to the acquired facilities. Such debt service is still, ultimately, the responsibility of the City, but it is anticipated that such debt service will be paid from Parking Authority revenues.

In December 2003, the Parking Authority issued \$14,075,000 Parking Revenue Bonds (City Guaranteed, Series 2003) dated December 15, 2003, (the "2003 Bonds") and guaranteed by the City. The proceeds of the 2003 Parking Authority Bonds were used to finance the acquisition of a parking lot located at Broad and Front Streets and to finance the construction of a parking garage on this site. The construction of an adjacent office building (the "Liberty Commons Project"), to be owned by the Trenton Economic Development Corporation, was underway and had been delayed.

Parking Authority of the City of Trenton (Continued)

In 2006, the Parking Authority issued 2006 (Taxable) Bonds to refund a portion of the 2003 Parking Authority Bonds; this was necessitated by a long-term lease entered into with a private business for a portion of the Liberty Commons garage.

In March 2013, the Parking Authority issued \$28,325,000 Parking Revenue Refunding Bonds, comprising \$19,295,000 Series A and \$9,030,000 Series B. These bonds were issued to refund the Authority's 2001 and 2003 Bonds, respectively.

In 2016, the Parking Authority issued its 2016 Series A and 2016 Series B Bonds. Proceeds from these bonds were used to refund the Parking Authority's Series 2013A Bonds, its 2006 (Taxable) Bonds, and also to provide \$750,000 for capital improvements to the Parking Authority's garages.

INDEPENDENT AUDITORS' REPORT

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor
and Members of the City Council
City of Trenton
County of Mercer, State of New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements – regulatory basis of the various funds and account group of the City of Trenton, County of Mercer, State of New Jersey, (the “City”), as of and for the year ended June 30, 2021, and the related notes to financial statements, which collectively comprise the City’s basic financial statements as listed in the table of contents.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors’ Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in the *Government Auditing Standards*, issued by the Comptroller General of the United States, and requirements of audit prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors’ judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Auditors' Responsibility (Continued)

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note A of the financial statements, these financial statements are prepared by the City on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note A and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the respective financial position of each fund and account group of the City as of June 30, 2021, and the respective changes in financial position for the year then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each fund and account group of the City as of June 30, 2021, and the respective changes in financial position for the year then ended, in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note A.

Report on Summarized Comparative Information

We have previously audited the City's 2020 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated January 8, 2021, in accordance with the financial reporting provisions described in Note A. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2020, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Required Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The supplemental schedules as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Other Matters (Continued)

Required Supplementary Information (Continued)

The supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole, on the basis of accounting described in Note A.

Other Information

The introductory section and supplementary information, as listed in the table of contents, have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 2, 2022, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

**CITY OF TRENTON
COUNTY OF MERCER, STATE OF NEW JERSEY**

NOTES TO FINANCIAL STATEMENTS

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The general-purpose financial statements of the City of Trenton (the "City") include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the City, as required by N.J.S.A. 40A:5-5. However, the operations of the Trenton Board of Education, Trenton Free Public Library, and Trenton Parking Authority are not included in the City's general-purpose financial statements.

Description of Funds

The accounting policies of the City conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Such principles and practices are designed primarily for determining compliance with legal provisions and budgeting restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the City accounts for its financial transactions through the following separate funds:

Current Fund - resources and expenditures for governmental operations of a general nature, including federal and state grant funds, except as otherwise noted.

Trust Other Funds - receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created, pursuant to the provisions of N.J.S.A. 40A: 4-39.

General Capital Fund - receipt and disbursement of funds for the acquisition of general capital facilities other than those acquired by the Current Fund. General and school bonds and notes payable are recorded in this fund, offset by deferred charges to future taxation.

Water, Parking and Sewer Utility Funds - receipt and disbursement of funds for the operation and acquisition of capital facilities of the municipality-owned water, parking and sewer utilities.

General Fixed Assets Account Group - used to account for fixed assets used in general government operations.

The Governmental Accounting Standards Board ("GASB") is the accepted standards-setting body for establishing government accounting and financial reporting principles. GASB's *Codification of Governmental Accounting and Financial Reporting Standards* recognizes three fund categories as appropriate for the accounting and reporting of the financial position and results of operations in accordance with United States generally accepted accounting principles ("GAAP"). This structure of funds differs from the organization of funds prescribed under the regulatory basis of accounting utilized by the City. The resultant presentation of financial position and results of operations in the form of financial statements are not intended to present the general-purpose financial statements required by GAAP.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting

The accounting principles and practices prescribed for municipalities by the State of New Jersey (the "State") differ in certain respects from GAAP applicable to local government units. The significant differences relate primarily to the cash basis for recognition of revenue, the recording of appropriation reserves in connection with expenditures, the liability for unused compensated absences, and the accounting for general fixed assets. The following is a summary of significant accounting policies:

A modified accrual basis of accounting is followed with minor exceptions. Modifications from the accrual basis are as follows: Revenues are recorded when received in cash, except for certain amounts that are due from other governmental units. Receipts from federal and state grants are realized as revenue when anticipated in the City budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the City's Current Fund. Accordingly, such amounts are not recorded as revenue until collected. Other amounts which are due to the City are also recorded as receivables with offsetting reserves and are recorded as revenue when received.

Property acquired for taxes is recorded in the current fund at the assessed valuation when the property was acquired and fully reserved.

Investments are carried at cost. Purchases are limited by New Jersey Statute 40A:5-15.1 to bonds or obligations of or guaranteed by the federal government and bonds or other obligations of federal or local units having a maturity date not more than 397 days from the date of purchase.

Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at June 30 of each year are reported as cash liabilities in the financial statements and constitute part of the City's Regulatory Appropriation Reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at the end of each year and are recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital bonds and notes are provided on the cash basis, and interest on general capital indebtedness is on the cash basis.

Interfund receivables in the Current Fund are recorded with offsetting reserves; interfund payables are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in other funds are not offset by reserves.

Inventories of Supplies - The cost of inventories of supplies for all funds is recorded as an expenditure at the time individual items are purchased. The cost of inventories is not included in the various fund balance sheets.

**CITY OF TRENTON
COUNTY OF MERCER, STATE OF NEW JERSEY**

NOTES TO FINANCIAL STATEMENTS

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting (Continued)

General Fixed Assets - In accordance with New Jersey Administrative Code 5:30-5-6, *Accounting for Governmental Fixed Assets*, as promulgated by the Division, which differs in certain respects from GAAP, the City is required to have and maintain a fixed asset and reporting system for non-expendable personal/real property with an acquisition cost of \$5,000 or more per unit and a useful life of more than one year.

Fixed assets used in governmental operations ("general fixed assets") are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements made to items other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks, and drainage systems, are not capitalized.

For the classification of land, buildings and other improvements, actual cost was used. A significant number of items were valued at their replacement costs, since the original costs were not available. Property and equipment purchased by each of the utility funds are recorded in their capital accounts at cost, and the accounts are adjusted for dispositions and abandonments. The amount reported for reserve for amortization of fixed capital acquired on the balance sheet of each of the utility capital funds represents the aggregate charges (capital outlay and debt service) to the operating budget for the costs of acquisitions of property and equipment and proceeds from grants-in-aid. No depreciation is provided for in the financial statements.

Fixed assets acquired through grants-in-aid or contributed capital have not been accounted for separately.

It is the policy of the City not to capitalize interest cost on fixed assets constructed.

Pension and post-employment expenses are recorded on a cash basis as billed by the State. Thus, net pension liability and related deferred inflows and outflows are not recorded on the statement of assets, liabilities, reserves and fund balance.

Budgets are adopted on the same basis of accounting utilized for the preparation of the City's general-purpose financial statements.

Reserve for Uncollected Taxes represents an appropriation made to allow total current tax billings to be levied at an amount greater than the appropriations needed. Reserve for Uncollected Taxes is not recognized under GAAP.

COUNTY OF MERCER, STATE OF NEW JERSEY**

NOTES TO FINANCIAL STATEMENTS

B. CASH, CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents include amounts on deposit, petty cash, change funds and short-term investments with original maturities of 90 days or less.

The New Jersey Governmental Unit Deposit Protection Act ("NJGUDPA") permits the deposit of public funds in the State of New Jersey Cash Management Fund or in institutions located in New Jersey that are insured by the Federal Deposit Insurance Corporation ("FDIC") or by any other agencies of the United States that insure deposits. NJGUDPA requires public depositories to maintain collateral for deposit of public funds that exceed insurance limits as follows:

Each depository participating in the NJGUDPA system must pledge collateral equal to at least 5% of the average amount of its public deposits and 100% of the average amount of its public funds in excess of the lesser of 75% of its capital funds or \$200 million. The minimum 5% pledge applies to institutions that are categorized as "well capitalized" by federal banking standards. The percentage of the required pledge will increase for institutions that are less than "well capitalized."

No collateral is required for amounts covered by FDIC or National Credit Union Share Insurance Fund ("NCUSIF") insurance. The collateral which may be pledged to support these deposits includes obligations of the state and federal governments, insured securities and other collateral approved by the Department of Banking and Insurance. When the capital position of the depository deteriorates or the depository takes an unusually large amount of public deposits, the Department of Banking and Insurance requires additional collateral to be pledged.

If a governmental depository fails and the FDIC or NCUSIF insurance does not insure or pay out the full amount of public deposits, the collateral pledged to protect these funds would first be liquidated and paid out. If this amount is insufficient, other institutions holding public funds would be assessed pro rata up to 4% of their uninsured public funds. Although these protections do not constitute a 100% guarantee of the safety of all funds, no governmental unit under NJGUDPA has ever lost protected deposits.

As of June 30, 2021, the City's bank balances were exposed to custodial credit risk as follows:

Insured	\$ 636,349.00
Uninsured and Collateralized	36,739,712.00
	<u>\$ 37,376,061.00</u>

Deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, the City's deposits may not be returned or the City will not be able to recover collateral securities in the possession of an outside party. The City's policy requires deposits to be secured by collateral valued at market or par, whichever is lower, less the amount covered by the FDIC. The City Council approves and designates the authorized depository institution based on evaluation of solicited responses and certifications provided by financial institutions.

COUNTY OF MERCER, STATE OF NEW JERSEY**

NOTES TO FINANCIAL STATEMENTS

B. CASH, CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

Deposits (Continued)

Concentration of Credit Risk – This is the risk associated with the amount of investments the City has with any one issuer that exceeds five percent or more of its total investments. Investments issued or explicitly guaranteed by the U.S. government and investments in the New Jersey Cash Management Fund are excluded from this requirement.

Credit Risk – This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. In general, the City does not have an investment policy regarding credit risk, however, the City had no investments that were subject to credit risk as of June 30, 2021. The New Jersey Cash Management Fund is not rated.

Interest Rate Risk – This is the risk that changes in interest rates will adversely affect the fair value of an investment. The City does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from interest rate fluctuations. However, its practice is to hold investments to maturity.

Investments

New Jersey statutes permit the City to purchase the following types of securities:

- Bonds or other obligations of the United States or obligations guaranteed by the United States.
- Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal National Mortgage Association, or United States Bank for Cooperatives that have a maturity date not more than 397 days from the date of purchase.
- Bonds or other obligations of the City or bonds or other obligations of school districts that are a part of the City or are located within the City.
- Bonds or other obligations having a maturity date of not more than 397 days from the date of purchase that are approved by the New Jersey Department of Treasury, Division of Investments.

The City's investments carried at cost which approximate market value were as follows at June 30, 2021:

Type	Collateral	Fair Market Value	Book
U.S. Government Securities	U.S. Government	\$ 114,530,734.34	\$ 114,530,734.34

E. DEFERRED CHARGES

The City had overexpenditures for certain operating expenditures in the Current Fund totaling \$140,718.31 (budget appropriations) and \$66,148.14 (appropriation reserves). Appropriations will be made in the Transition Year 2021 operating budget to reimburse the remaining deferred charges related to these overexpenditures.

The City had overexpenditures for certain operating expenditures in the Sewer Operating Fund totaling \$16,971.62. Appropriations will be made in the Transition Year 2021 operating budget to reimburse the remaining deferred charges related to these overexpenditures.

F. PROPERTY TAXES

A taxable valuation of real property is prepared by the Tax Assessor as of October 1 in each year and filed with the County Board of Taxation by January 10 of the following year. The County Board of Taxation establishes tax rates to reflect the levy necessary for municipal, local school district, special district and county taxes.

The provisions of P.L. 1994, C. 72 changed the procedures for state fiscal year billing originally established in P.L. 1991, C. 75. Chapter 72 moves the billing calculation back on a calendar year basis, which permits tax levies to be proved more readily than before.

The formula used to calculate tax bills under P.L. 1994, C. 72 is as follows:

The third and fourth installments, for municipal purposes, would equal one-half of an estimated annual tax levy, plus the balance of the full tax levied during the current tax year for school, county and special district purposes. The balance of the full tax for non-municipal purposes is calculated by subtracting amounts due on a preliminary basis from the full tax requirement for the tax year. The first and second installments, for municipal purposes, will be calculated on a percentage of the previous year's billing necessary to bill the amount required to collect the full tax levy, plus the non-municipal portion, which represents the amount payable to each taxing district for the period of January 1 through June 30.

G. TAXES COLLECTED IN ADVANCE

Taxes collected in advance are shown as cash liabilities in the financial statements as follows:

	Balance June 30, 2021
Prepaid Taxes	\$ 313,571.15
Overpayments	486,677.14

H. PENSION AND RETIREMENT PLANS

A substantial number of the City's employees participate in the following defined benefit pension plans: Public Employees' Retirement System ("PERS") and Police and Firemen's Retirement System ("PFRS"), which are administered and/or regulated by the New Jersey Division of Pensions and Benefits (the "Division"). Both plans have a board of trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to:

State of New Jersey
Division of Pensions and Benefits
P.O. Box 295
Trenton, New Jersey 08625-0295

For additional information about PERS or PFRS, please refer to the Division's Comprehensive Annual Financial Report ("CAFR") which can be found at:
<http://www.nj.gov/treasury/pensions/financial-reports.shtml>.

Plan Description

PERS is a cost-sharing multiple-employer defined benefit pension plan which was established as of January 1, 1955. PFRS is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pension and Benefits.

The Defined Contribution Retirement Program ("DCRP") is a multiple-employer defined contribution pension fund established on July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 (N.J.S.A. 43:15C-1 et. seq.). The DCRP is a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code ("IRC") 401(a) et seq., and is a governmental plan within the meaning of IRC 414(d). The DCRP provides retirement benefits for eligible employees and their beneficiaries. Individuals covered under DCRP are employees enrolled in PERS on or after July 1, 2007, who earn salary in excess of established "maximum compensation" limits; employees enrolled in PFRS after May 21, 2010, who earn salary in excess of established "maximum compensation" limits; employees otherwise eligible to enroll in PERS on or after November 2, 2008, who do not earn the minimum annual salary for tier 3 enrollment but who earn salary of at least \$5,000.00 annually; and employees otherwise eligible to enroll in PERS after May 21, 2010, who do not work the minimum number of hours per week required for tiers 4 or 5 enrollment, but who earn salary of at least \$5,000.00 annually.

Benefits Provided

For PERS, vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007.
2	Members who were eligible to enroll on or after July 1, 2007, and prior to November 2, 2008.
3	Members who were eligible to enroll on or after November 2, 2008, and prior to May 22, 2010.
4	Members who were eligible to enroll on or after May 22, 2010, and prior to June 28, 2011.
5	Members who were eligible to enroll on or after June 28, 2011.

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, Tiers 3 and 4 before age 62 with 25 or more years of service credit, and Tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for their respective tier.

For PFRS, vesting and benefit provisions are set by N.J.S.A. 43:16A. PFRS provides retirement as well as death and disability benefits. All benefits vest after ten years of service, except for disability benefits which vest after four years of service.

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to May 22, 2010.
2	Members who were eligible to enroll on or after May 22, 2010, and prior to June 28, 2011.
3	Members who were eligible to enroll on or after June 28, 2011.

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation of each year of creditable service up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (Tiers 1 and 2 members) and 60% (Tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. Members may elect deferred retirement benefits after achieving 10 years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

For DCRP, eligible members are provided with a defined contribution retirement plan intended to qualify for favorable federal income tax treatment under IRC Section 401(a), a noncontributory group life insurance plan and a noncontributory group disability benefit plan. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employee contributions shall immediately become and shall at all times remain fully vested and non-forfeitable. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employer contributions shall be vested and non-forfeitable on the date the participant commences the second year of employment or upon his or her attainment of age 65, while employed by an employer, whichever occurs first.

Contributions

The contribution policy for PERS is set by N.J.S.A 43:15A and requires contributions by active members and contributing employers. The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in state fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of fifteen years beginning with the payments due in the fiscal year ended June 30, 2012, and will be adjusted by the rate of return on the actuarial value of assets.

The contribution policy for PFRS is set by N.J.S.A 43:16A and requires contributions by active members and contributing employers. The local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PFRS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in state fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012, and will be adjusted by the rate of return on the actuarial value of assets.

A special funding situation exists for the local employers of the Police and Firemen's Retirement System of New Jersey. The State of New Jersey, as a non-employer, is required to pay the additional costs incurred by local employers under Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993, and Chapter 201, P.L. 2001. For the June 30, 2020, measurement date state special funding situation net pension liability amount of \$2,005,329,818.00 is the accumulated difference between the annual actuarially determined state obligation under the special funding situation and the actual state contribution through the valuation date. The state special funding situation pension expense of \$227,263,993.00, for the fiscal year ended June 30, 2020, is the actuarially determined contribution amount that the State owes for the fiscal year ended June 30, 2020. The pension expense is deemed to be a state administrative expense due to the special funding situation. The unaudited portion of the non-employer contributing entities' total proportionate share of the collective net pension liability that is associated with the City is \$26,671,520.00 and the total proportionate share of the employer pension expense is \$3,022,682.00.

Under N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed that legally obligated the State if certain circumstances occurred. The legislation, which legally obligates the State, is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993, and Chapter 201, P.L. 2001. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a non-employer contributing entity.

H. PENSION AND RETIREMENT PLANS (CONTINUED)

Contributions (Continued)

Since the local participating employers do not contribute under this legislation directly to the plan (except for employer-specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers related to this legislation.

The City is billed annually for its normal contribution plus any accrued liability. Contributions to PERS from the City were \$5,301,929.00 for the year ended June 30, 2021. Contributions to PFRS from the City were \$15,701,373.67 for the year ended June 30, 2021.

DCRP – the contribution policy is set by N.J.S.A. 43:15C-3 and requires contributions by active members and contributing employers. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the City contributes 3% of the employees' base salary, for each pay period, to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period. For the year ended June 30, 2021, the City's contributions were \$65,384.58. There were no forfeitures during the year.

Pension Liabilities and Pension Expense

For the year ended June 30, 2021, the City had a liability of \$75,488,963.00 for its proportionate share of the net pension liability in PERS and \$94,510,024.00 and \$77,347,596.00 for its proportionate share of the net pension liability in PFRS Plan 1 and Plan 2, respectively. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating members of the plan, actuarial determined. As of the June 30, 2020, measurement date, the City's proportion was 0.4629127495%, which was an increase of 0.001 from its proportion measured as of June 30, 2019, for PERS and 0.731427066% in PFRS Plan 1 and 0.5986044996% in PFRS Plan 2, which was a decrease of 0.022 and a decrease of 0.058, respectively, from its proportion measured as of June 30, 2019, for PFRS Plan 1 and Plan 2, respectively.

Actuarial Assumptions

The total pension liability as of the June 30, 2020, measurement date was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. This actuarial valuation was determined using the following actuarial assumptions:

	PERS	PFRS
Inflation rate:		
Price	2.75%	2.75%
Wage	3.25%	3.25%
Salary Increases:		
Through 2026 (based on years of service)	2.00% - 6.00%	3.25% - 15.25%
Thereafter (based on years of service)	3.00% - 7.00%	3.25% - 15.25%
Investment rate of return	7.00%	7.00%

For PERS, pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee Mortality Table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree Mortality Table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree Mortality Table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2019, valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

H. PENSION AND RETIREMENT PLANS (CONTINUED)

Actuarial Assumptions (Continued)

For PFRS, pre-retirement mortality rates were based on the Pub-2010 Safety Employee Mortality Table with a 105.6% adjustment for males and 102.5% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Safety Retiree Below-Median Income Weighted Mortality Table with a 96.7% adjustment for males and 96.0% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. For beneficiaries (contingent annuitants), the Pub-2010 General Retiree Below-Median Income Weighted Mortality Table was used, unadjusted, and with future improvement from the base year of 2010 on a generational basis. Disability rates were based on the Pub-2010 Safety Disabled Retiree Mortality Table with a 152.0% adjustment for males and 109.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2019, valuation were based on the results of an actuarial experience study for the period July 1, 2013 to June 30, 2018.

Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return of 7.00% on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pension and Benefits, the board of trustees, and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's and PFRS's target asset allocation as of the June 30, 2020, measurement date are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. equity	27.00%	7.71%
Non-U.S. developed markets equity	13.50%	8.57%
Emerging markets equity	5.50%	10.23%
Private equity	13.00%	11.42%
Real assets	3.00%	9.73%
Real estate	8.00%	9.56%
High yield	2.00%	5.95%
Private credit	8.00%	7.59%
Investment grade credit	8.00%	2.67%
Cash equivalents	4.00%	0.50%

PERS Discount Rate

The discount rate used to measure the pension liabilities of PERS was 7.00% as of the June 30, 2020, measurement date. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

PFRS Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of the June 30, 2020, measurement date. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate

The following presents the collective net pension liability of the participating employers as of the June 30, 2020, measurement date calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

NOTES TO FINANCIAL STATEMENTS

I. LITIGATION

The City is a defendant in various legal proceedings. If these cases were decided against the City, their costs would either be covered by insurance or raised by future taxation. The City has allocated monies in the general liability trust fund to cover any excess costs. The City expects such amounts, if any, to be immaterial.

J. UNUSED SICK LEAVE, VACATION BENEFITS AND POST-RETIREMENT BENEFITS

The City has permitted employees to accrue sick leave pay, which may be taken as time off or paid upon termination, resignation or retirement. Sick time payout is limited to one half of total sick time up to \$20,000 and vacation payout is capped at two years of accumulated time.

The total balance of unused sick and vacation time benefits amounts to approximately \$10,299,489 at June 30, 2021. Such amounts are not required to be included in accrued liabilities at June 30, 2021. The cumulative reserve, included in the General Trust Fund, was \$3,797,196.72 as of June 30, 2021.

K. INSURANCE

Effective January 1, 1978, most municipal employees were eligible for unemployment compensation insurance (N.J.S.A. 43:21-3 et seq.). The City has elected to provide a self-insured plan whereby the municipal cost, if any, and employee contributions are deposited in a trust fund from which claims, if any, will be paid. During 2021, deposits, including bank interest, amounted to \$29.46 and payments for claims amounted to \$31,650.00. The reserve, which is not based on an actuarial analysis, was \$27,098.78 at June 30, 2021.

The Workers' Compensation Insurance Fund, regulated by N.J.S.A. 34:15-127, is used to pay claims and medical expenses due to on-the-job injuries and settlements. The City makes annual contributions to the fund in accordance with estimates provided by a third-party administrator to meet the needs of claims to be paid out during the current fiscal year.

During 2021, deposits, including bank interest, amounted to \$297,283.22 and payments of interfund advances were made in the amount of \$635,875.21. The reserve balance of \$146,629.20 is not indicative of the City's total liability for claims since it is not determined on an actuarial basis (because determination on such basis is not required by the Division of Local Government Services).

The Comprehensive Liability Insurance Fund, regulated by N.J.S.A. Title 59, is used to fund general liability claims, police, professional liabilities and automobile liabilities. The City makes annual contributions to the fund in accordance with estimates provided by a third-party administrator to meet the needs of claims to be paid out during the current fiscal year. During 2021, deposits, including bank interest, amounted to \$810,356.72. The reserve balance of \$4,961,324.87 is not indicative of the City's total liability for claims since it is not determined on an actuarial basis (because determination on such basis is not required by the Division of Local Government Services).

NOTES TO FINANCIAL STATEMENTS

M. URBAN DEVELOPMENT ACTION GRANT LOAN

In December 1987, the City entered into an agreement with the Trenton District Energy Company, since succeeded by Veolia Energy Trenton ("TDEC") and other interested parties whereby the City exchanged the unpaid balance and accumulated interest on its Urban Development Action Grant Loan with TDEC for a 15% equity interest in the reorganized venture. The loan and accumulated interest approximated \$4,131,000. Under the agreement, the City is to receive a preferential payment annually until an amount equivalent to the loan and agreed interest is recovered, and thereafter it is to receive payments approximating 15% of the defined cash flow of TDEC. This claim is cumulative and prior to the claim of any other party. The agreement provides for scheduled payments of \$322,000 in 2002 and then \$233,000 annually through 2017. A payment of \$169,586 was received in 1989 on the 1988 and 1989 scheduled amounts. A payment of \$200,000 was received in 1991 on the 1990 and 1991 scheduled amounts. Payments in the amount of \$869,353 and \$11,452 were received in 1994. A payment of \$334,441 was received in 2004. The ability of TDEC to achieve a level of cash flow sufficient to pay cumulative amounts due and future scheduled payments cannot presently be determined. No amounts are included in these financial statements.

N. GENERAL FIXED-ASSET ACCOUNT GROUP

Prior to 2004, the City recorded land, buildings and improvements at estimated values based on insurance appraisals and other estimated values. Subsequently, substantially all of the assets were adjusted to assessed and fair value where applicable. The City has not had an inventory done of all vehicles, furniture and fixtures, and equipment since June 30, 2020, and accordingly, the fixed asset group balance is unchanged from the June 30, 2020, financial statements. An inventory will be completed for the December 31, 2021, Transition Year financial statements.

O. OTHER POST-EMPLOYMENT BENEFITS ("OPEB") OTHER THAN PENSIONS

General Information About the OPEB Plan

The City participates in the State Health Benefit Local Government Retired Employees Plan (the "Plan") which is a cost-sharing multiple-employer defined benefit other post-employment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. The City adopted a resolution to approve participation in the Plan on October 18, 2018, and fiscal year 2020 is the first year the City's OPEB information was made available from the State. The Plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions* (GASB Statement No. 75); therefore, assets are accumulated to pay associated benefits. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits, Comprehensive Annual Financial Report (CAFR), which can be found at www.state.nj.us/treasury/pensions/financial-reports.shtml.

The Plan provides medical and prescription drug coverage to retirees and their covered dependents of the employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide post-retirement medical coverage to their employees must file a resolution with the Division of Pensions and Benefits. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer-paid health benefits coverage for retired employees. Under

O. OTHER POST-EMPLOYMENT BENEFITS (“OPEB”) OTHER THAN PENSIONS (CONTINUED)

General Information About the OPEB Plan (Continued)

Chapter 48, the employer may assume the cost of post-retirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a state or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a state or locally administered retirement system and a period of service of up to 25 years of service with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer.

Further, the law provides that the employer-paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide post-retirement medical coverage. Local employers were required to file a resolution with the Division of Pensions and Benefits in order for their employees to qualify for state-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for post-retirement medical coverage who have less than 20 years of creditable service on June 28, 2011, will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree’s annual retirement benefit and level of coverage.

The City's contribution to the Plan, which is unaudited, for the year ended June 30, 2021, was \$22,411,323.01.

The GASB Statement No. 75 report of the State Health Benefits Local Government Retired Employees Plan (the “Plan”) for the period ended June 30, 2020 (applicable to the City’s fiscal year ended June 30, 2021), was not available as of the date of this report. Thus, the City included in the note below their June 30, 2020 disclosures based on the period ended June 30, 2019, audited Plan information.

The total number of retired participants eligible for benefits was 978 at June 30, 2020.

Allocation Methodology

GASB Statement No. 75 requires participating employers in the Plan to recognize their proportionate share of the collective net OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources, and collective OPEB expense. The special funding situation’s and nonspecial funding situation’s net OPEB liability, deferred outflows of resources, deferred inflows of resources, and collective OPEB expense are based on separately calculated net OPEB liabilities. The nonspecial funding situation’s net OPEB liability, deferred outflows of resources, deferred inflows of resources, and collective OPEB expense are further allocated to employers based on the ratio of the plan members of an individual employer to the total members the Plan’s nonspecial funding situation during the measurement period July 1, 2018 through June 30, 2019.

COUNTY OF MERCER, STATE OF NEW JERSEY**

NOTES TO FINANCIAL STATEMENTS

O. OTHER POST-EMPLOYMENT BENEFITS (“OPEB”) OTHER THAN PENSIONS (CONTINUED)

Special Funding Situation

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80 percent of the premium or periodic charge for the category of coverage elected by the qualified retiree under the state managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No 75 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan, there is no net OPEB liability, deferred outflows of resources or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation. For the special funding situation, the State proportionate share of the net OPEB liability attributable to the City for the year ended June 30, 2020, was \$84,335,288, which is unaudited.

Components of Net OPEB Liability

The components of the City’s net OPEB liability as of June 30, 2020, based on the June 30, 2019, measurement date is as follows:

	June 30, 2020
Total OPEB liability	\$ 195,120,823.88
Plan Fiduciary Net Position	3,857,072.98
Net OPEB Liability	<u>\$ 191,263,750.90</u>
Plan Fiduciary Net Position as a % of Total OPEB Liability	1.98%

Actuarial Assumptions

The net OPEB liability as of the June 30, 2019, measurement date was determined by an actuarial valuation as of June 30, 2018, which was rolled forward to June 30, 2019. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation	2.50%
Salary increases*	
PERS	
Through 2026	2.00% - 6.00%
Thereafter	3.00% - 7.00%
PFRS	
All future years	3.25% - 15.25%

Mortality Rates

Pre-retirement mortality rates were based on the Pub-2010 General Classification Headcount-Weighted Mortality Table with fully generational mortality improvement projections from the central year using Scale MP-2019.

Actuarial assumptions used in the July 1, 2018, valuation were based on the results of the PFRS and PERS experience studies prepared for July 1, 2013 to June 30, 2018 and July 1, 2014 to June 30, 2018, respectively.

One-hundred percent of active members are considered to participate in the Plan upon retirement.

Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend is initially 5.7% and decreases to a 4.5% long-term trend rate after eight years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2020 are reflected. The assumed post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.5% and decreases to a 4.5% long-term trend rate after eight years.

Discount Rate

The discount rate for the June 30, 2019, measurement date was 3.50%. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer GO 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Sensitivity of Net OPEB Liability to Changes in the Discount Rate

The following presents the collective net OPEB liability of the participating employers as of the June 30, 2019, measurement date calculated using the discount rate as disclosed above as well as what the collective net OPEB liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

At June 30, 2020

NOTES TO FINANCIAL STATEMENTS

P. BOND ANTICIPATION NOTES

The City issues bond anticipation notes to temporarily finance various capital projects prior to the issuance of serial bonds. The terms of the notes cannot exceed one year, but the notes may be renewed from time to time for a period not exceeding one year. All such notes must be paid not later than the tenth anniversary of the original note. The State also prescribed that, on or before the third anniversary of the date of the original note, a payment of at least equal to the first legally payable installment of the bonds, in anticipation of which such notes were issued, be paid or retired. A second legal installment must be paid if the notes are to be renewed beyond the fourth anniversary of the date of the original issue. At June 30, 2021, the City had bond anticipation notes in Capital, Water Capital, Parking Capital and Sewer Capital Funds, totaling \$20,827,000.00.

Q. TAX ABATEMENTS

Under GASB Statement No. 77, a tax abatement is a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forego tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments. In such circumstances financial statement disclosures are required.

As of June 30, 2021, the City provides tax abatements through various PILOT, credit and other incentive programs, including those authorized by other entities such as the State.

See the table below for the amount of taxes abated for the year ended June 30, 2021:

Properties/Program	Assessed Valuations	Full Value of Taxes	Amount of Taxes Collected During the Fiscal Year	Amount of Taxes Abated During the Fiscal Year
Various	\$ 443,013,960	\$ 24,498,672	\$ 16,027,932	\$ 8,470,740

R. IMPACTS OF CORONAVIRUS PANDEMIC

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 10, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the City operates. Due to the impact of New Jersey Governor Murphy's Executive Order No. 107 dated March 21, 2021, mandating statewide stay-at-home practices and closure of all non-essential retail businesses, the City incurred reductions in cash receipts and increases in taxes and other receivables. It is reasonably possible certain revenues may decrease and expenses may increase going forward. It is unknown how long these conditions will last and what the complete financial impact will be on the City.

NOTES TO FINANCIAL STATEMENTS

S. SUBSEQUENT EVENTS

Management has evaluated subsequent events that occurred after the statement of assets, liabilities, reserves and fund balance date through March 2, 2022, the date the financial statements were available to be issued. No events or items were noted that required disclosure other than the following:

The City received federal American Rescue Plan ("ARP") funds in the amount of \$36,456,999 on May 19, 2021. The funds were unallocated and unspent as of June 30, 2021. As of the report date, \$7,882,905.01 of the ARP funds were spent during transition year 2021. The City also encumbered \$10,045,087.24 for police radio equipment and \$97,684.00 for library operations.

On December 16, 2021, the City issued \$10,940,000 Water Utility Refunding Bonds, Series 2021, with an original issue premium of \$1,651,553.40. The proceeds of the bonds will be used to refund Water Utility Bonds, Series 2012A in the amount of \$12,150,000 on February 7, 2022.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor
and Members of the City Council
City of Trenton
County of Mercer, State of New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and requirements of audit prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements – regulatory basis of various funds and account group of the City of Trenton, County of Mercer, State of New Jersey (the “City”), as of and for the year ended June 30, 2021, and the related notes to financial statements, which collectively comprise the City’s basic financial statements, and have issued our report thereon dated March 2, 2022, in which we expressed an adverse opinion on the conformity of the financial statements with accounting principles generally accepted in the United States of America due to differences between those principles and accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City’s internal control. Accordingly, we do not express an opinion on the effectiveness of the City’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS
(CONTINUED)**

Internal Control Over Financial Reporting (Continued)

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We consider the deficiencies described in the accompanying schedule of current year findings and recommendations as findings 2021-001, 2021-002, 2021-005 and 2021-006 to be material weaknesses. We consider the deficiencies described in the accompanying schedule of current year findings and recommendations as findings 2021-003, 2021-004 and 2021-007 to be significant deficiencies.

Compliance and Other Matters

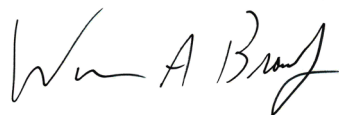

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and other matters, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of current year findings and recommendations as findings 2021-003, 2021-005, 2021-006, and 2021-007.

City's Response to Findings

The City's response to the findings identified in our audit are described in the accompanying schedule of current year findings and recommendations. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SCHEDULE OF CURRENT YEAR FINDINGS AND RECOMMENDATIONS

Finding 2021-001

Criteria

All utility receivables and reserves should be evaluated regularly to determine collectability and adjusted accordingly.

Condition

In the Water and Sewer Utility Funds, 9,300 receivable accounts were noted with credit balances totaling \$1,837,562.18. This is inclusive of an account labeled unidentified payments with a total credit balance of \$90,235.72. Additionally, there were numerous accounts that may not be collectable including 16,910 accounts with balances due over 120 days totaling \$11,172,772.46 and approximately 1,085 accounts in which the account owner is unclear.

Cause

Inadequate monitoring and management of utility receivables and reserve balances.

Effect

An overstatement or understatement of utility receivables and reserve balances.

Recommendation

Utility receivables should be monitored periodically throughout the year to determine the current status. Any amounts deemed uncollectable should be written off. Also, inactive accounts, duplicate customers, credit balances and unexplained adjustments should be investigated further and resolved by the City. We also recommend that the City develop a staffing plan to ensure all functions relating to the collection and reconciliation of accounts receivable are appropriately staffed.

Management's Response to Finding

The City is in agreement with this finding and will complete and implement a corrective action plan.

Finding 2021-002

Criteria

Management is responsible for maintaining personnel files with all required new hire documentation.

Condition

For the new hires tested, several instances of inadequate recordkeeping and internal control were noted in the following areas:

- 4 of 25 of new hire forms requested for audit were not provided.
- 4 of 25 DCA monitoring approval forms requested for audit were not provided.
- 4 of 25 employee employment eligibility verification forms (I-9s) requested for audit were not provided.
- 4 of 25 employee withholding certificates (W-4s) requested for audit were not provided.

Cause

Inconsistent adherence by management to policies over personnel records.

COUNTY OF MERCER, STATE OF NEW JERSEY, NEW JERSEY**

SCHEDULE OF CURRENT YEAR FINDINGS AND RECOMMENDATIONS (CONTINUED)

Finding 2021-002 (Continued)

Effect

An opportunity exists for payroll misappropriation and possible noncompliance with certain federal and or state compliance requirements.

Recommendation

We recommend that the City develop procedures to ensure the City's established written policies regarding the safeguarding of employee records are consistently adhered to.

Management's Response to Findings

The City is in agreement with these findings and will complete and implement a corrective action plan.

Finding 2021-003

Criteria

Management is responsible for monitoring budget to actual expenditures to avoid over-expenditures as of June 30, 2021.

Condition

Over-expenditures of Current budget appropriations and appropriation reserves in the amounts of \$140,718.31 and \$66,148.14, respectively, were noted. Over-expenditures of Sewer budget appropriations in the amount of \$16,971.62 were noted.

Cause

The City did not consistently monitor its budget versus actual expenditures as of June 30, 2021.

Effect

Management override of controls and noncompliance with Division of Local Government Services requirements of audit.

Recommendation

We recommend the City evaluate reasons why overexpenditures have occurred and adopt a written policy for effective internal controls in the finance and purchasing functions to address these reasons. We also recommend that the City Finance and Budget staff continue to monitor its budget appropriations continually throughout the year to avoid over-expenditures and instances of override of budget controls.

Management's Response to Finding

The City is in agreement with this finding and will complete and implement a corrective action plan.

Finding 2021-004

Criteria

Court management is responsible for completing bank reconciliations timely and maintaining documentation to be available for audit.

COUNTY OF MERCER, STATE OF NEW JERSEY, NEW JERSEY**

SCHEDULE OF CURRENT YEAR FINDINGS AND RECOMMENDATIONS (CONTINUED)

Finding 2021-004 (Continued)

Condition

The June 2021 bail and operating municipal court accounts were not reconciled as of audit fieldwork.

Cause

A professional service contract for a third-party accountant to perform monthly municipal court bank reconciliations was not awarded in order to complete a timely reconciliation of the bank accounts.

Effect

Potential exists for a misstatement of June 30, 2021, municipal court balances.

Recommendation

We recommend that the City municipal court administrator monitor its bank reconciliation process to ensure they are completed timely.

Management's Response to Finding

The City is in agreement with this finding and will complete and implement a corrective action plan.

Finding 2021-005

Criteria

Management is responsible for depositing cash receipts within 48 hours in accordance with N.J.S. 40A:5-15.

Condition

The Inspections Department did not timely deposit cash receipts collected for 25 out of 25 permits tested.

Cause

A process was not in place for the Inspections Department to process cash receipts for permits timely.

Effect

An opportunity exists for the misappropriation of cash and understatement of revenues. Noncompliance with N.J.S. 40A:5-15.

Recommendation

We recommend that the City develop a staffing plan to ensure all functions relating to the timely deposit of cash are appropriately staffed.

Management's Response to Finding

Short staffing in the Inspections Department resulted in an inability for the department to process cash receipts for permits timely. The City is in agreement with this finding and will complete and implement a corrective action plan.

COUNTY OF MERCER, STATE OF NEW JERSEY, NEW JERSEY**

SCHEDULE OF CURRENT YEAR FINDINGS AND RECOMMENDATIONS (CONTINUED)

Finding 2021-006

Criteria

The City is responsible for keeping minutes for all council meetings which shall be made available to the public in accordance with N.J.S. 10:4-14.

Condition

Minutes for all council meetings for the fiscal year under audit and subsequent have not been made available to the public or for audit inspection, with the exception of the September 3, 2020, regular meeting.

Cause

A process was not in place for the Municipal Clerk's office to process council meeting minutes and make available to the public timely.

Effect

An opportunity exists for events and transactions requiring recording or disclosure to not be captured as part of the financial close and reporting process. Noncompliance with N.J.S. 10:4-14.

Recommendation

We recommend that the City develop a staffing plan to ensure all functions relating to the processing of council meeting minutes are appropriately staffed.

Management's Response to Finding

Short staffing in the Municipal Clerk's office resulted in an inability for the office to process council meeting minutes and make available to the public timely. The City is in agreement with this finding and will complete and implement a corrective action plan.

Finding 2021-007

Criteria

Management is also responsible for encumbering funds at the time charges are authorized and within the proper fiscal year in accordance with N.J.A.C. 5:30-5.2.

Condition

An encumbrance in the amount of \$179,300.99 for services provided in fiscal year 2020 was not made until fiscal year 2021.

Cause

The City did not timely process a purchase order for an emergency procurement.

Effect

Noncompliance with N.J.A.C. 5:30-5.2.

Recommendation

We recommend the City adopt a written policy for effective internal controls in the finance and purchasing functions, including for timely processing of purchase orders when charges are authorized.

SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS AND RECOMMENDATIONS (CONTINUED)

Finding 2020-004

Condition

The City's budget was not adopted in line with statutory deadlines and estimated tax bills were not sent out timely to taxpayers for quarter two 2020, thus resulting in delinquent cash collections in the subsequent fiscal year. This resulted in a current fund operations cash deficit.

Status

The condition has been resolved.

Finding 2020-005

Condition

The June 2020 bail and operating municipal court accounts were not reconciled as of audit fieldwork.

Status

The condition still exists as current year finding 2021-004.

COUNTY OF MERCER, STATE OF NEW JERSEY**

**CURRENT YEAR
GENERAL COMMENTS**

Contracts and Agreements Required to be Advertised for N.J.S. 40A:11-4

N.J.S. 40A:11-4 states that "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law."

N.J.S. 40A:11-3a states, in part, "When the cost or price of any contract awarded by the contracting agent in the aggregate does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution, as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids, except that the governing body of any contracting unit may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L. 1971, c. 198 (C.40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to \$40,000."

Subsection c. of N.J.S. 40A:11-3 directs the Governor, in consultation with the Department of the Treasury, to adjust the threshold amounts every fifth year after enactment of P.L. 1999 c.440. The bid threshold amount for the City was \$40,000 for the period from July 1, 2019 to June 30, 2020.

There were no exceptions to the above-referenced purchasing requirements noted during the audit.

It is also noted that, as an alternative to public advertising, the City uses state contracts to purchase certain approved items.

Resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Any interpretation as to possible violations of N.J.S. 40A:11-4 and N.J.A.C. 5:30-14 would be in the province of the municipal solicitor.

Overexpenditures Prior to Transfer Period

Requirements of Audit states "when a budget appropriation shows an overexpenditure prior to the time when a transfer may be lawfully made, such overexpenditure must be made a matter of comment and recommendation in the audit report." Management is responsible for ensuring overexpenditures do not occur before transfers can be made.

The City had three instances of overexpenditure prior to transfers in the last two months of the year. See auditors' recommendation in Finding 2021-003.

Delinquent Taxes and Tax Title Liens

GENERAL COMMENTS (Continued)**

Collection of Interest on Delinquent Taxes and Assessments

N.J.S.A. 54:4-67, provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on September 3, 2020, adopted Resolution 20-471 authorizing interest to be charged on delinquent taxes as follows:

- 1) An interest rate of 8% per annum on the first \$1,500.00 of delinquency and 18% per annum on any amount in excess of \$1,500.00.
- 2) A grace period where no interest shall be chargeable if payment on an installment is made within the tenth calendar day following the due date.
- 3) A penalty of 6% to be charged on any delinquency in excess of \$10,000.00 which is not paid prior to the end of the fiscal year.

Change Orders Exceeding 20% Increase in Original Contract Price

Pursuant to N.J.A.C. 5:30-11, the City lists all change orders which caused the originally awarded contract price to be exceeded by more than 20 percent in an appendix to the subsequent year's annual budget. There were no such change orders during fiscal year 2021.
