

RFP2024-03 ENGINEERING SERVICES FOR THE DEPARTMENT OF PUBLIC WORKS ON AN AS NEEDED BASIS - PROPOSAL OPENING DATE 1/17/2024 AT 11:00AM

Cost Proposal

Environmental Resolutions, Inc. (ERI) proposes to provide a proposal to the City of Trenton on an as-needed basis once the City's Department of Public Works determines the actual scope of services for each individual project.

We have provided two (2) project examples of engineering costs for NJDOT grant-funded roadway improvements projects that ERI has provided for our clients in recent years that had varying degrees of design complexity. We have broken these down so that the City is able to see the difference in costs between a simple roadway resurfacing project and another that requires an additional design element such as stormwater/drainage improvements. We hope this format informs the City of ERI's general costs for performing these types of services.

Example Project #1

**RE: RFP2024-03 | COST PROPOSAL FOR ENGINEERING CONSULTING SERVICES ON AN AS NEEDED BASIS FOR THE

Dear Ms. Garcia,

Since our inception more than five decades ago, T&M Associates (T&M) has been assisting our clients work through the constantly evolving public environment. Our professionals, whether engineers, environmental scientists or planners, take a proactive approach to our clients' needs allowing us to increase efficiencies; anticipate new regulations and requirements; and identify alternate budget sources. In this manner, they are able to leverage the insights and value of their experience to successfully deliver on project needs and goals. Our clients count on us to provide smart counsel and always protect and promote their best interests. We make '**Your Goals, Our Mission**'.

We appreciate the opportunity to submit a cost proposal for Engineering Consulting Services on an as-needed basis. Our team is excited about the prospect of collaborating with The City of Trenton and delivering exceptional results.

The contract for this project is anticipated to last a maximum of three hundred sixty-five (365) calendar days. The proposed project will include Scope of Work as noted in Section 3.0 of the RFP. Our team is committed to delivering high-quality services in a timely manner, ensuring the successful completion of the project.

We propose a total cost not to exceed \$170,000.00. Once project location and scope of work are identified, T&M will submit a detailed proposal as noted in Section 15.0 Subsection e of the RFP. The budget will include all necessary resources, materials, labor, and overhead costs associated with the successful execution of the project. Our pricing is competitive, and we believe it reflects the value and expertise we bring to the table. T&M understands that this contract is for services on an as-needed basis and will be cost-reimbursable.

Payment for the services rendered will be structured as follows:

1. City of Trenton agrees to provide necessary information to facilitate the smooth progress of the project.
2. Any changes to the scope of work as noted in Section 3.0 may result in adjustments to the project cost.

We are confident in our ability to deliver exceptional results and look forward to the opportunity to contribute to the success of The City of Trenton.
